

Teacher's Training Program

At SanpkiNagli Village on 16th October, 2017

The Workshop was held at Government School at SanpkiNagliVillage. It was attended by 3 teachers in total of Govt. Middle School as well as Govt. Primary School along with approximately 67 students of primary and 45 students of middle school Conducted by Counsellor: Ms.S.Priyanka and IshaGarg.

Sessions were interactive and the topics discussed were-

- 1.Helping teachers to understand key adolescent issues like behavioural problems, substance abuse, etc and the importance of Classroom Management
- 2.How expressed behaviors of children can aid identification of problematic behavior
- 3.Dealing sensitively with relationship issues amongst adolescence.
- 4.Identification of developmental disorders and learning disabilities
- 5.Since parents are oblivious to the education of the children, current situation of that the teachers. And how they can psycho-educate the children

Methodology used-

- 1.Audio visual presentation on key childhood and adolescent development, developmental disorders and learning disabilities
- 2.Brain storming on how to involve parents in process of child education and development.

Learning outcomes and the road ahead-

1. The teachers haven't observed or heard any issue on sexual abuse.
2. There major concern was that students don't study after going back from school and lack creative skills.
3. One good thing about the school is the exceed in number of girls as compared to boys.

Children with Learning disabilities

1. Manish – 6th class (Low IQ after an accident)
2. Bhupilder – 2nd class
3. Himanshi – 4th class
